If a South Carolina shooter does not shoot the 400 state championship targets during the South Carolina State Shoot, he or she must submit in writing the reason they did not compete within thirty (30) days of the last day of the South Carolina State Shoot. Five (5) Honorable Mentions (Second Team) will consist of shooters not qualifying for the All-State First team or category shooters but who had the next highest overall average and met all of the requirements for All-State team mentioned above. One (1) shooter will also be recognized for the highest number of targets shot during the target year.
